

REGISTRATION PROCEDURE

- Applicant must complete and send the following documents:
- Application form.
- Participation form.
- A statement from the principal of your present school stating that you are able to take instruction in English.
- A copy of your latest school report card certified by your school as a true copy of the original.
- An English translation of the report card is required.
- A TOEFL score if available.

Upon approval of admission, a Letter of Acceptance will be sent to the student. Students pursuing a college or university education will benefit from this excellent preparatory program as well as enjoy life with a Canadian family all within the environment of the Canadian Rocky Mountains.

Canmore and Banff are located approximately 125 km from the Calgary International Airport. Both communities have world class recreation facilities for summer and winter activities. Both communities have a hospital and dentists.

TUITION

Tuition for the international student program is \$10,500.00 (CDN) per full year. Also there is a \$150.00 non-refundable registration fee, and a \$500.00 non-refundable home stay placement fee.

Students are required to pay a (refundable) deposit of \$850.00 to cover any unpaid expenses remaining at the end of their program. Students are responsible for all costs associated with home stay, health insurance, school supplies and personal expenses.

The rate for room and board is \$850.00 per month. There is a \$30.00 per night cost for students who arrive before the start of the school and/or remain after the end of the year

Supplementary Programs and Tutors

Students requiring programs outside the school (private tutoring) will be assessed on a supplementary fee based on actual cost.

ACADEMIC HIGH SCHOOL
PROGRAM
for
INTERNATIONAL STUDENTS

ACADEMIC STUDIES

A Complete Program

International students receive a complete academic program enabling them to achieve Alberta Education credits which can lead to University entrance. Students successfully completing their studies have the necessary qualifications to apply at most post-secondary institutions in Canada or the United States. Instructional models are designed to meet students' individual needs and interests.

Our Teaching Professionals

All students in the academic studies program receive high quality instruction from certified Alberta teachers. The goal of each teacher is to help students achieve their maximum potential. Our staff provides a safe, structured academic environment.

Home Stay Placements

It is our goal to place international students with Host Families for the length of their program. Many of our families hosted visitors during the 1988 Olympic Games and continue to do so for World Class sporting events. Home Stay Parents are committed to enhancing your son's or daughter's stay in Canada by including them in family activities and special events. The School Division will also plan field trips to archaeological and natural history museums.

International Student Coordinator

To help students to adjust to their new environment, an International Student Coordinator is on staff to assist with:

- Visa applications
- Home Stay Information
- Communication with parents or guardians
- Monitoring student progress

CURRICULUM

The International Program of the Canadian Rockies Public Schools is accredited by Alberta Education and follows the Alberta School Curriculum.

Functional competency in English is required: each student's current level of English language proficiency will be assessed prior to entry into the program. Placement decisions will be based on the student's English proficiency. Emphasis will be placed on developing the language skills necessary to succeed in core subject areas.

Students will receive instruction at Grade 10, 11 and 12. The curriculum consists of the following:

Core Subjects:

**Mathematics ~ English ~ Social Studies ~ Physics
Chemistry ~ Biology ~ Science ~ Physical
Education**

Option Courses include:

**Instrumental Music ~ Drama ~ Computer Studies
Work Experience ~ Special Projects ~ French ~
Art**

Career and Technology Studies Courses:

**Information Processing ~ Design Studies ~
Communications Technology ~ Tourism Studies ~
Construction Technology ~ Wildlife Studies**

FACILITIES

International Program students use state-of-the-art technology to enhance learning. Mathematics, Science, Language Arts and Technology courses use modern computer labs and fully equipped workshops. Our schools have fully equipped gymnasiums with weight training facilities. Our physical and outdoor education programs utilize the community swimming pools, golf courses, curling rink and the Canadian Rockies for climbing, hiking and outdoor education.
