### **CCHS Scholarship Opportunities for 2022-2023**

As we near the end of our school year , our grade 12s should now be looking toward post secondary in the Fall. Please click on the provided link ([Link is here](#)) to apply for upcoming scholarships and bursaries. **NOTE - some applications are due the end of this month - May 2022.** We will send an updated version of the Awards list again in September and when you get this message in September it's important you fill out the "2021-2022 Academic Awards Application" form and return it to the CCHS. This form lets us know where our grads are in September plus has a spot for the volunteering work they've done (are doing) -- this helps us with many awards that are picked by staff.

***Home Work Support Room***

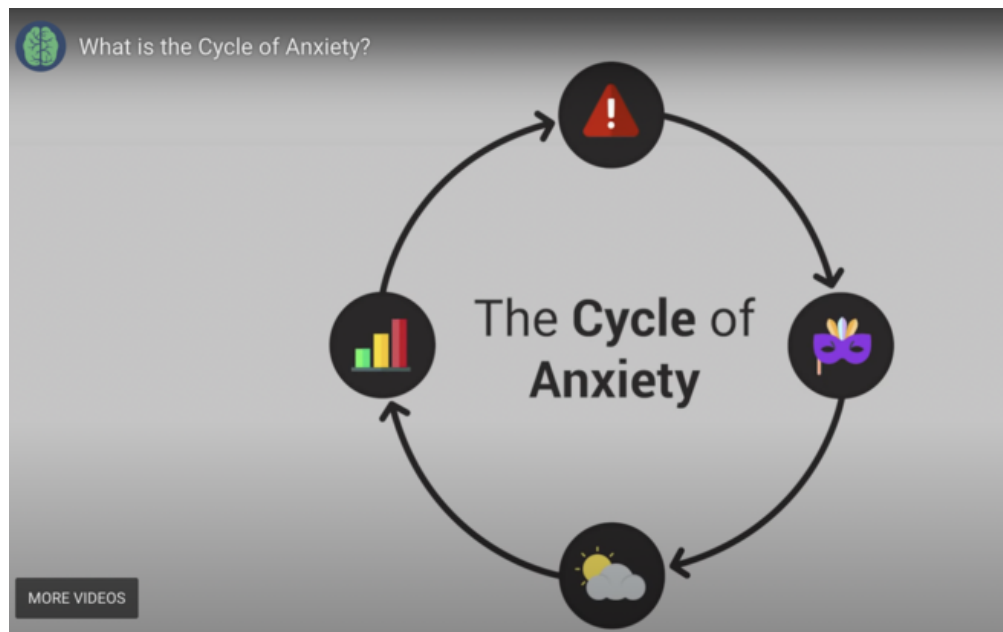

*We have now restarted our Homework Support Room for our Grade 9 and 10 students. As it has been a while since we have had this opportunity for students, please read the rationale for this program below.*

*Completion of classroom assigned work is crucial to a student's academic success. A zero given on an assignment because work is not completed is not a true assessment of student learning. To ensure true assessment of student learning, we believe it is important for students to complete classroom assigned work. To assist students in establishing successful study practices and understand the importance to their learning in completing assigned work, we will work with our Grade 9 & 10 students to help them complete missing assignments. Grade 9 & 10 students who are not completing assigned work will be asked by their teacher to attend a homework support room during lunch time to do any missing work. During this time, students will be given help in study skills and in completing the missed learning tasks. A failure to attend these study sessions will result in administrative contact with parents to pursue options to help the student successfully complete their work.*
